

PRE-REQUISITES

IBM Cloud Services

Date	9 Nov 2022
Reg No	720719106045
Team ID	PNT2022TMID10108
Project Name	Industry specific intelligent fire management system
Maximum Mark	2

CLOUD SERVICES:

It is basically used to handle the cloud storage and data functions carried out in the system technology

IBM CLOUD SERVICE:

The screenshot displays the IBM Cloud Catalog web application. The browser's address bar shows the URL 'cloud.ibm.com/catalog'. The page features a navigation bar with the IBM Cloud logo, a search bar, and links for 'Catalog', 'Manage', and 'Jagadeesh K's Account'. A user profile dropdown menu is open, showing options for 'Profile', 'Log in to CLI and API', 'Privacy', 'Change theme', and 'Log out'. The main content area is titled 'Catalog' and includes a search bar. Below the search bar, it indicates 'Viewing 206 products'. A sidebar on the left lists various product categories: 'Recommended products (6)', 'Compute (30)', 'Containers (9)', 'Networking (30)', 'Storage (20)', and 'AI / Machine Learning (17)'. Three product cards are visible: 'Analytics Engine By IBM' (Submit your Apache Spark applications as needed and customize the Spark runtimes to), 'AnonTech ViziVault Platform By Anon Technology, Inc.' (Manage personal information as-a-service safely, securely, and in compliance with data), and 'API Connect By IBM' (An enterprise-grade platform for creating, securing, managing, sharing, monetizing, and). The bottom of the screen shows a Windows taskbar with various application icons and a system tray displaying '27°C Haze' and '10:49 AM 11/9/2022'.

LAUNCH THE CLOUD TO GET :

The screenshot displays the IBM Cloud dashboard in a web browser. The browser's address bar shows the URL `cloud.ibm.com`. The dashboard header includes the IBM Cloud logo, a search bar, and navigation links for Catalog, Manage, and the user's account (Jagadeesh K's Account). The main content area is titled "Dashboard" and features a "For you" section with several recommended guides:

- Build**: Explore IBM Cloud with this selection of easy starter tutorials and services. (Getting started, 10 min)
- Set up your IBM Cloud account**: Learn how to set up your IBM Cloud account, manage your account settings, organize resources, and control access to those resources. (Getting started, 10 min)
- Build a web app with Watson Speech to Text**: Deploy a conversational interface compatible with any application, device, or channel. (Getting started, 15 min)
- Get Started with the CLI**: Install the IBM Cloud™ developer tools, which include the latest IBM Cloud CLI, verify the installation, and configure the environment. (Recommended, 10 min)
- IBM Watson Internet of Things Platform**: Communicate with connected devices, monitor and analyze data in real time, connect your own IoT apps and add Watson AI to the solution. (Recommended, 2 min)
- Use Cloudant**: Use Cloudant NoSQL that offloads the complexity of managing a database. (Recommended, 10 min)

Below the "For you" section, there are links for "User access" (Manage users), "News" (View all), and "Planned maintenance" (View). The bottom of the dashboard shows a taskbar with open files like "Project Report IB....docx" and system information like "27°C Haze" and "10:49 AM 11/9/2022".
